want. Thank you. You have many rules & regulations which I agreed with but an important one to the beach front renter you tend to ignore. With only 16'-18' wide space you specify "No Triple slide outs" which prevents the renter & the renter expects you to abide by that rule which you don't!

I recommend you enforce your own rule w. regard to slide.

We hope this stay was enjoyable for you. If you have a comment for us please let us know. If something has been amiss for you we cannot fix it unless we know. If things were great then please tell us and tell what employees were most helpful to you. Thank you.

We also rented 2 cabins & found them delightful - clean & furnished so well. My children, who are adults, also were really "taken" with them - you've done a fine job with them & we all hope to come back again.

**Managers Note:**

May 2004 Beach Front sites are all of equal size at 20 feet, as more slide-out rules are in effect.

Sometimes people buy a new camper after they have made their reservations and forget to tell us.

We're glad the cabins worked out well for your family.
